THE FAIRY RING

Gracefully

softly

VOICE

I have of - ten won - dered what the fair - ies sing
Some - times in the wood - land down be - neath a tree,

Piano

softly

When at night they're danc-ing 'round their fair - y ring. It would be great fun to watch them,
Man - y pearl - y but-tons you may of - ten see. They are chairs the fair-ies bring there,

retard and dim.

But I would not try to catch them, I'd just love to see them make their ring.—
When they come to dance and sing there, But they are too small for you and me.

retard and dim.
